

LET'S CREATE THE FUTURE

Imagination Required

We don't say this often, but put down your phone for a moment. Now, just try to imagine not being able to surf the web at any time of day or night. Imagine not being able to speak to a friend or relative anywhere in the world with just a device that you carry around in your pocket. Imagine not having hundreds of television channels at your fingertips, or not being able to send photographs to friends in just a few seconds. Imagine what that would feel like... Takes a bit of thinking about, doesn't it?

So, imagine a career with a company that makes all these things happen, as well as many more innovations that we now all take so much for granted. Just imagine changing the world!

At BT we don't offer an ordinary career. We don't offer run of the mill, routine or commonplace. We prefer to feed your creativity - encouraging and empowering you to contribute to a global communications technology business. We've a history that's been driving innovation for over 170 years, constantly developing and evolving. We're a business that millions of people rely on every single day to live their lives and run their businesses. Our services and solutions power industry, fuel innovation, deliver information and opinion across the world, and help find something relaxing to watch at the end of a long day.

We've opportunities for apprentices all across our business. Visit us online to start your BT journey, and bring your imagination to life.
