Choices for S3: Progression Routes and Pathways

2022/23

Progression routes and pathways for session 2022-23

This booklet provides information on progression routes and pathways for pupils as they move into and through the final year of the BGE (S3) and then onto the Senior Phase (S4-6) and beyond. More detailed information on Individual courses and qualifications can be found in the full course choice booklet which is located on the school website.

S3: The final year of the Broad General Education and transition into the Senior Phase

The curriculum in Scotland is divided into two phases: the Broad General Education (BGE) and the Senior Phase. The Broad General Education continues to the end of S3 and is designed to provide breadth and depth of learning. In S1 and 2 almost all pupils follow a core curriculum linked to 8 curricular areas. These are;

- **Languages**
- **Mathematics**
- **Health and wellbeing**
- **Sciences**
- **Social Studies**
- **Technologies**
- **Expressive arts**
- **Religious and moral education.**

S3 allows pupils a degree of specialisation within the framework of the 8 curricular areas. This provides an opportunity for your child to deepen learning by selecting specific subjects within this framework. This specialisation may be linked to interest and enjoyment as well as future plans and career aspirations. S3 provides a transition into the Senior Phase (S4-6)

Most pupils who take a subject in S4 will likely pick that subject in S3 to provide progression and continuity. It is possible, though not usual, for pupils to take a subject in S4 that has not been studied in S3 as pupils are not choosing actual courses until they move into S4. Pupils who do so may have settled on a specific career plan or changed their initial intentions.

To reflect national policy our course choice form is structure around these 8 curricular areas. All pupils will normally take the following core subjects:

- **English**
- **Mathematics**
- **Modern Languages**
- **RE**
- **PE**
- **PSE**

In addition, pupils will choose a subject from each of the following curricular areas:

- **Science**
- **Social Studies**
- **Expressive Arts**
- **Technologies**

Pupils can also select an additional 'free choice' subject. For example, an additional technologies subject etc.

Progression and Breadth

One of the factors worth considering carefully when deciding on subjects for S3 will be implications for progression into S4-6. Appendix 1 contains examples of progression routes from S3 and then into S4 to S6. Please note that these can change due to issues such as staffing and the level of provision by partners through the Senior Phase agreement between Dundee City Council and D&A College.

These illustrate some of the main routes and pathways for pupils though there is a degree of flexibility dependant on the nature of the subject and qualifications already obtained. For example, pupils in S6 may opt to 'crash' a Higher in a subject they have previously not studied. It may also be possible for pupils to take more than one option in a particular pathway dependant on the course choice form.

Pupils in S4-6 have the opportunity to take wide range of qualifications ranging from National 3/4/5, Highers, Advanced Highers, National Progression Awards (NPAs), National Certificates (NCs), Higher National Certificates (HNCs), Foundation Apprenticeships and industry standard certifications. How these different qualifications relate to each other can be found in the Scottish Certification and Qualification Framework (Appendix 2)

Thinking ahead and planning prior to subject choice in S3

As part of their S3 subject choice preparations students at Grove should consider longer-term plans or implications of their subject choices. For example, if a student has not settled on a career pathway then it may be more appropriate to maintain a balanced range of subjects. On the other hand, if such a pathway has already been identified, a very specific combination of subjects may be more appropriate. However, if career plans change significantly then students may find progression routes and pathways can potentially be constrained by earlier choices. There may be situations that arise where a very specific career plan does not fit in to the choices based around the 8 curricular areas. If this is the case the implications of this should be discussed with your child's guidance teacher. It may be possible to accommodate choices out with this framework due to flexibility we may have when constructing the school timetable for next year.

Please use the Thinking Ahead sheets (Appendix 4) to consider possible pathways for your child as part of the preparation for their S3 subject choices prior to the deadline for the return of the subject choice forms. The information in on subject pathways can be found in Appendix 1.

The My World of Work website also contains useful information that can be found via the following link:

<https://www.myworldofwork.co.uk/>

Masterclass

In S3 pupils also have a time allocated for masterclass options. This provides curriculum enrichment, development of skills and preparation for some options available in the Senior Phase that pupils might not have had any previous experience in.

During the last session these included:

- **Fundamentals of Cyber Security**
- **Hospitality**
- **Touch Typing**
- **Scots Language/Scottish Studies**
- **Plumbing and Electrical trades**
- **Introduction to Italian**
- **Dundee FC project**
- **Introduction to Mandarin**
- **Abertay 25 Project**
- **Employability skills**

The final range of options for the coming session will be determined by factors such as staff availability.

Why might my child not get all their choices?

Although we will be able to meet the subject requests from the vast majority of pupils, **there may be situations when your child does not get their full range of choices**. This can be down to a number of factors such as:

- Lack of subject uptake which means the class is not viable.
- There may be too many pupil's choosing a subject given the number of classes we can staff. If this situation arises the relevant Head of Department will be consulted on final class lists.
- School staffing may not allow, or limit the scope for, providing some subjects.
- There may be a clash between two subjects that are only available in the same slot on the school timetable.

As in previous years, we require all pupils to make reserve choices. If we cannot meet the requests for all a child's subjects, we will use reserve choices. Your child's Guidance Teacher will re-interview your child if it has not been possible to allocate a reserve or if more than 1 request cannot be met.

There are also a limited number of places for the Personal Development options, given the nature of these courses. If there are more pupils who wish to take these options than there are places, then pupils may have to undergo a selection process in order to participate.

Key dates

Initial information posted on website	w/b 20 th December, 2021
Distribution of Subject Choice Forms	Friday 7 th January, 2022
Distribution of Progression Pathways booklet	Friday 7 th January, 2022
S2 Parents Night	Tuesday 11 th January, 2022
Deadline for return of forms	Friday 21 st January, 2021

Example of completed S2-S3 Course Choice Request Form

S2 into S3 Subject Selection Form

2021/22

Name: A BROWN

Class: 2A1

Guidance Teacher: MRS BLACK

English, Maths, Modern Language, RME Core, Core PE and PSE are compulsory in S3. Please make 5 selections from the list below by ranking the chosen subjects in order of preference (1-5):

Select 1 Social Subject from: Geography History Modern Studies	Subject and ranking HISTORY (2)	Select 1 from the following: Geography History Modern Studies RMPS Biology Chemistry Physics Art and Design Design & Manufacture Drama Music Music Technology PE French Spanish German Accounting Admin & IT Business Management Computing & Creative Media Engineering Science Fashion and Textiles Graphic Communication Health and Food Technology Hospitality Practical Woodwork Skills Personal Development: Prince's Trust Award Personal Development: Living for Sports Award	Subject and ranking BIOLOGY (3)
Select 1 Science from: Biology Chemistry Physics	Subject and ranking CHEMISTRY (1)		(Reserve selections - in case we are unable to meet a selection) Reserve 1: MUSIC Reserve 2: HOSPITALITY
Select 1 Creative and Expressive from: Art and Design Dance with Aesthetics P.E. Drama Music Music Technology	Subject and ranking PE (4)		Please discuss with your guidance teacher if you would like to choose 3 Sciences linked to your career plans. Pupils considering this can choose Physics in the Technology subject section after discussion with their Guidance Teacher Please rank your chosen subjects in order of preference, for example if art was your most important please rank this as 1 etc
Select 1 Technology subject from: Accounting Admin & IT Business Management Computing & Creative Media Design & Manufacture Engineering Science Fashion and Textiles Graphic Communication Health and Food Technology Hospitality Practical Woodwork Skills	Subject and ranking ACCOUNTING (5)		Please consider the longer-term Thinking Ahead planning sheet to examine pathways into and through S4, S5 and S6 as well as potential destinations including career aspirations and progression into Further and Higher Education. This is not a final plan at this stage but enables consideration of how current choice can potentially shape your future pathways through school and beyond. Please note the options available in future years may be subject to change due to staffing etc.

Please note that by making these choices you are committing yourself to the subjects chosen. Changes may not be possible once the form is submitted.

Parental Signature: Mrs D Brown

Date: 19/01/21

All forms should be returned to your guidance teacher by 22nd January

Additional Comments:

Please complete the information below based on your current situation. The information will help planning and targeting careers support

Likely intended Leaving date **please circle**

1. End of s4
2. Xmas S5
3. End of S5
4. End of S6

Likely preferred pathway after leaving school- **please circle**

1. Employment
2. Training/ Apprenticeship
3. College
4. University
5. Other -please specify: _____

Career interests /
employment sectors

Pupil Signature: _____
